BOOTH PRECAST PRODUCTS LTD.

Agri-Range

Cattle Slats

Leading suppliers of department approved cattle slats throughout Leinster. Cattle slats are available in lengths from 10'6" up to 16'6" (5.25m).

- 70N High strength concrete with GGBS for greater durability
- High quality finish giving smooth tapered sides and level no slip surface, for greater cattle comfort
- Long reach crane and forklift available for easier and safer placement
- Heavy duty cattle slats also available
- Manufactured to IS EN 12737
- CE approved

Our agricultural department will be happy to consult with you regarding the use of our products in your project.

- Please refer to our Agricultural department on the Axle Loadings of all our products
- Other products such as Scrapper Slats, Offset Manholes and Beams can be made to order
- Gang Slats are 1200mm Wide; Passage Slabs are 1200mm Wide

* Passage Slabs require a screed
